

Massachusetts Quilt Documentation Project

PowerPoint Slide Presentation

Presenters from the MassQuilts project would like to share photos of the quilts and their stories from our book titled “Massachusetts Quilts: Our Common Wealth” which was published in January 2009. This opportunity allows your organization to be one of the first to learn of women’s history in Massachusetts through examples of the quilts that were researched throughout the state over the past fifteen years.

- The slide presentation is forty-five minutes to one hour long
- MassQuilts provides the speaker and laptop computer
- The sponsoring organization must provide a digital projector (along with someone who knows how to use it)
- Fee of \$200 is requested for our non-profit organization

Contact Martha Supnik to schedule an event at
